

SureDial Business

Enjoy free calls and huge savings on your business landline bills with SureDial Business. Set-up is simple and you don't need to change your existing telephone numbers, plus there's no set up charges and no additional hardware required. Switching to SureDial is easy, so you could be saving money in no time.

SureDial works by programming your existing phone system with a short code prefix that sends calls made from your office telephone lines over the Sure network.

Key features

UK Mobile	21.1p
International	As per charges listed on www.sure.com

*6p minimum call charge applies to chargeable calls

How SureDial works

The PBX maintenance provider will program your PBX to prefix calls with our Indirect Access Number 13545. This means you don't need to remember to dial the prefix before your calls and you don't need to change your telephone numbers!

Then, each time you make a call the JT exchange will send the call to the Sure network, saving you money!

You can dial any number using this service and all your local, UK and international calls will automatically be routed through the Sure network.

The more you call the more you save!

You don't need to keep changing tariff to get the best rates, we will automatically apply the discounts based on your monthly spend.

Monthly Spend	Discount
£500+	15%
£1,500+	27%
£3,000+	33%
£5,000+	38%
