

Microsoft Teams Services

Reduce cost and enable hybrid working

The pandemic has changed the role of the workplace, with most people now working at least some of the time from home.

Microsoft Teams has rapidly become the most effective tool for business communications, allowing employees and clients to collaborate effectively, wherever they are. With Office 365 as the de facto standard for business applications, the Teams environment integrates seamlessly and offers numerous business benefits.

Benefits

Seamless Implementation

Implementing a company-wide collaboration platform may seem like a daunting task. We have the knowledge and experience to ensure that integrating Teams with your business is a success.

Hybrid Working

Ensuring that your employees can remain productive while working remotely and experience the same levels of security as when in the office is essential.

Archiving

Our Teams Archive service enables organisations to protect, discover, investigate, and recover data from internal and external communications.

Connectivity

From full fibre connectivity to SDWAN we can ensure that you have the secure data networks in place to keep your business running smoothly.

Voice Integration

We can help you integrate your existing voice network with Teams and eliminate the need for a PBX and desk phones. Ensuring that you can stay in touch with colleagues and customers wherever you are.

Ensuring Adoption

Making sure that you get the most out of Teams is critical for a successful implementation. We can help you drive internal adoption and establish a sustainable culture of collaboration and communication which delivers long term business value.

Applications

Teams can deliver so much more than great collaboration. There are a range of native Teams applications from forms to workflow and approvals that can deliver instant productivity gains.

Advisory & Design

At Sure we have a team of certified consultants that have deep experience of Microsoft applications. We can recommend the right solutions to improve communications and drive productivity for your organisation. Ask your account manager how Sure's Advisory & Design Services can help transform your business.
